Dynaglass Reinforced Plastic Pte Ltd
No. 2 Tuas Drive 2
Singapore 638 537

ATTENTION: Mr. Stephen K.C. Seow
Managing Director

Dear Sir,

We congratulate Dynaglass Reinforced Plastic Pte Ltd., Singapore for being awarded the contract for design and supply of Vap-O-loc Internal Floating Covers with Shell Refining (Australia) Pty Ltd., Geelong Refinery, Victoria.

We thank you for choosing our company, Brockman Engineering Pty Ltd., to undertake the site installation portion of the said contract.

We confirm that we have since satisfactorily completed the installation of the first (1st) of fourteen (14) tanks i.e. Tank No. 3 a 36m diameter tank, which was completed on the 16th of October 2007, on time and within budget.

Dynaglass has demonstrated professionalism and the ability to systematically train and supervise our local Australian team. We found the Vap-O-Loc installation system to be simple and orderly in nature giving emphasis in the area of cleanliness, providing a pleasant & safe working environment. As a result of this, Brockman was able to complete the work, well within the projected installation time.

With this first installation experience with Vap-O-Loc, we are confident that our team will be able to complete the rest of the installations with greater speed and efficiency.

We thank you for your utmost efforts and co-operation.

Yours faithfully,
BROCKMAN ENGINEERING PTY LTD
