## CERTIFICATE OF RECOMMENDATION

### TO WHOMSOEVER IT MAY CONCERN

M/S Dynaglass Reinforced Plastic Pte Ltd., Singapore were awarded a Subcontract for the supply and installation of GRE Internal Floating Roof on two tanks that was constructed by us for M/s Al Jaber Transport & General Contracting on their Pearl GTL Effluent Treatment Plant (CO8 Project) in Qatar. We found them to be highly professional and very efficient in organizing the shipment of the supplies as also in completing the installation in record time. They adapted well to the site needs on Quality and Safety and their on site work was highly appreciated.
